Accrual of interest on noncash deposits - Interest begins to accrue on the second business day we receive credit for the deposit of noncash items (for example, checks).

Transaction limitations:

You may not make any deposits into your account before maturity

You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal.

You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Early withdrawal penalties (a penalty may be imposed for withdrawal before maturity) -

If your account has an original maturity of less than one year:

The fee we may impose will equal three months simple interest on the amount withdrawn subject to penalty.

If your account has an original maturity of one year or longer.

The fee we may impose will equal six months simple interest on the amount withdrawn subject to penalty.

There are certain circumstances, such as the death or incompetence of an owner, where we will waive or reduce this penalty. See your plan disclosure if this account is part of an IRA or other tax qualified plan

Withdrawal of interest prior to maturity - The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatically renewable time account - This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity (or within any grace period mentioned below). We can prevent renewal if we mail notice to you at least seven calendar days before maturity.

Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance (if any) and other features as the original deposit.

You will have seven days after maturity to withdraw the funds without penalty.
